

## ***Uvod.....***

Jednostavno, sve se vrti oko namirnice, a mi imamo sreće, živimo u okruženju prepunom stvari, svježih, sezonskih, prirodnih, domaćih, koje se mogu koristiti, nema potrebe za velikim intervencijama, nema potrebe za skrivanjem osnove. Ideja je, predstaviti okuse onakvima kavim jesu i dodati im modernu komponentu.

## ***Introduction.....***

First of all it's all about the foodstuff, and we are lucky, we live in a surrounding full of stuff, fresh, seasonal, nativ, natural, that can be used, no need to overcook, no need to cover the base. The idea is to present the delicate flavors of the ingredients in its full glory with modern touch.
